## Personal presentation:

I am 69 years old and have been working as an actor since I graduated from the National Institute of acting in 1985. I have been working with film and television since 1999 and also do theatre for the radio, speaking and audiobooks. I have been doing a variety of things within the profession, from theatre outdoors to parts in feature films. In 2009-10 I featured in two short films, both of which won numerous prizes in film festivals around the world. Among those prizes are five awards for best male actor (see documents). In 2011 I filmed a Swedish crime story and have these last two years acted in "Twelfth Night" (Shakespeare), where I played Malvolio and "Der Gute Mensch von Sezuan" (Brecht). I am currently working on a monologue and have been seen in various TV-productions
